We had kids in the age ranges from 4 to 13 years old. Together with Mr. Arrends who we call "The Kite Master" we gave the kids the basic steps to make their first kite. All kids received brekfast and refreshments in the morning, and non stop pizza mid day while they took their times decorating their kites. At the end of this class each student received a certificate showing that they are capable of making a kite level A(starter). History

San Nicolas History.

San Nicolas:

Known as the island's Sunrise Side, San Nicolaas was once a bustling company town, when [Lago Oil and Transport Company](#) opened its oil refinery in 1924 until 1985 when [Exxon Corporation](#) closed it and began to dismantle the facility as well as the Colony. In 1991 [Coastal Corporation](#) reopened the oil refinery until 1995. It was then sold to [Valero](#) in 2004, and it was open for a number of years, and closed in 2009. In December 2010, Valero announced plans to reopen the refinery.^[1] San Nicolaas was named after a Mr. Nicolaas van der Biest (1808–1873), who owned a big piece of the land there. Landowners were then addressed by their subordinates by their first names preceded by 'Shon' meaning 'master'.

On August 22, 2010, San Nicolaas, Aruba, won the [Senior League World Series](#) in Bangor, Maine.

Close to San Nicolaas, a Dutch marine camp is off Commanders Bay near the fishing village of Savaneta.

A section of San Nicolaas' main street has been converted to a picturesque [promenade](#) with shops containing souvenirs, [crafts](#) and local snacks. In nearby Seroe Colorado, there is a small natural bridge, not to be confused with the bridge at Andicuri. To view the bridge follow the road to its terminus, then hike approximately 200 feet (61m) down old [lava](#) and [coral](#) formations.
